

The New Hampshire.

Vol. 3, No. 9.

DURHAM, N. H., NOVEMBER 12, 1913

PRICE 5 CENTS

MASS. WINS

34 TO 0.

Heavier Team Has the Advantage.

Fighting gamely but against great odds New Hampshire went down to defeat at the hands of her old rival Massachusetts, Saturday, Nov. 8 at Textile Field, Manchester, N. H., by the score of 34 to 0. The men played their best game of the year but there was no stopping the heavy Massachusetts team from marching down the field. New Hampshire was outweighed 20 pounds to a man. In the face of these great odds they put up a wonderful fight and showed themselves masters of the style of open play.

Owing to the bad weather and the Exeter-Andover game the crowd was not as large as last year but there were about 1200 present to witness the contest. The student body of the college were present almost to a man and from the kick-off to the final whistle they backed up the team with repeated cheer and songs.

Three times New Hampshire carried the ball inside of the 20-yard line only to lose the pigskin on downs.

A special train took the student body to Manchester about 1.30 p. m. Here they assembled, and headed by the college band, they marched through the streets to the hotel where the two teams were quartered. Cheers were given for both teams and the line of march was taken up to the field. Between the periods the band kept the crowd on edge with the popular tunes of the day.

Game In Detail.

New Hampshire won the toss and chose to defend the west goal. Dole kicked to Bissell on New Hampshire's 15-yard line, who ran it back five yards before he was downed. Bissell hit the line for two yards and Brackett tore through for six more. A pretty forward pass, Brackett to Westover, netted 15 yards and first down.

Another forward pass on the next play, Bissell to Westover added 15 yards more, Brackett was nailed for a loss on an attempted end run, and Woodman failed to gain, a forward pass, Brackett to Haines, was intercepted by Nissen, the ball going to Massachusetts.

Nissen fumbled on the first play but Darling recovered. Darling failed to gain on a line play, but Brewer went through right guard for eight yards. On the next play he plunged through the same place for eight more and a first down. Nissen tore through center for 11 yards before he would be stopped. At this point the Amherst boys were penalized five yards for being offside. Three more rushes by Nissen netted another first down on New Hampshire's 18-yard line. Darling circled left end for the first touchdown. Brewer kicked the goal.

Dole kicked to Hobbs who was nailed in his tracks. Brackett was tackled for a three yard loss. Woodman made eight through left tackle and six more around left end. Brackett was stopped without gain. Bissell made six yards,

but two tries for forward passes were incomplete and the ball went to Massachusetts on downs.

Nissen, in three rushes made first down. Two more first downs followed with Nissen carrying the ball. At this point New Hampshire stiffened and Brewer was thrown for a loss. Nissen bored through for another first down on New Hampshire's 13-yard line.

Brewer made five and added two more. A third try placed the ball on New Hampshire's four-yard line. On the fourth down with a yard to go Brewer made a perfect forward pass to Darling, who book the ball over for a touchdown. Brewer kicked the goal.

Dole kicked off to Brackett, who ran it back 18 yards. A forward pass, Brackett to Larker added six more. Brackett circled left end for 15 yards. A forward pass, Brackett to Westover, failed. A triple pass, Hobbs to Brackett to Bissell failed to gain but another forward pass, Woodman to Larker, gave 20 yards.

Brackett was thrown for a loss of nine yards. After three more tries to gains the ball went to Massachusetts on downs. On the first play Woodman threw Brewer for a loss of eight yards. Melican recovered the distance, however, on the following play. Darling fumbled but Perry recovered. A forward pass, Brewer to Edgerton, was good for 20 yards. Four tries failed and Bissell intercepted a forward pass, the ball going to New Hampshire on Massachusetts's 35-yard line. Brackett fumbled but Westover recovered. Brackett made three yards but a triple pass, Woodman to Brackett to Hobbs, was fumbled by the latter, Darling nailing the pigskin for Massachusetts. The period closed with score 14 to 0 in favor of Massachusetts.

Second Period.

Darling, Brewer and Nissen made a first down. Melican broke through for a 20-yard gain. Westover threw Brewer for eight yard loss. Brewer sent a pretty kick over from the 35-yard line.

Hobbs took the ball back eight yards on the kickoff. Nissen intercepted a forward pass, Cryson made eight yards and on the next play Nissen went through the entire New Hampshire team for a touchdown. Brewer kicked the goal. The half closed soon after. Score: Massachusetts 24: New Hampshire 0.

Third Period.

Amherst kicked to New Hampshire Bissell coming back five yards. A long forward pass was taken by Johnson. Massachusetts punted to Hobbs on his five yard line. He brought it back 13 before he was tackled. Bissell made five yards and Brackett two, but the Amherst men held for downs and took the ball on New Hampshire's 25-yard line. Brewer circled left end for the last touchdown. He also kicked the goal.

Fourth Period.

A series of forward passes opened the fourth period and New Hampshire carried the ball to Massachusetts's 20-yard line. Here they held and recovered on downs. Brewer made 18 yards and then punted to Hobbs, who came back 10 yards. Brackett made five yards. Dole intercepted another pass on New Hampshire's 40-yard line Johnson sent a pretty drop kick between the posts for the final score.

The ball surged back and forth for the

remainder of the game time being called with the ball in Massachusetts possession on New Hampshire's two-yard line.

The summary:

New Hampshire Massachusetts
Westover Brown, le re, Jorday, Day
Thompson, Huse lt, rt, Schlotterbeck
Reardon, lg, rg, Baker, Verbeck
Murdock, c c, Dole
Corriveau, Dodge, rg lg, Edwards, Wood
Haines, Bowdoin, rt lt, Ferry, Baker
Farker, re le, Edgerton
Brackett, qb qb, Melican, Haren
Hobbs, lhb rhb, Darling, Cryson
Bissell, rhb lhb, Darling, Cryson
Woodman, Hale, lfb

fb, Nissen, Johnson, Fuller
Score: Massachusetts 34. Touchdowns, Darling, Brewer, Nissen. Coals from touchdowns, Brewer 4. Goals from field, Brewer, Johnson. Umpire, Foley, Amherst. Referee, McGrath, Boston, Linesman, Moore. Time 15 minute periods.

MANCHESTER BALL SUCCESSFUL.

The annual ball, held after the Massachusetts football game, was given in Odd Fellows' Hall on Hanover street, Manchester, N. H., last Saturday evening. The affair was most successful both financially and socially and was attended by a large number of New Hampshire students and also many local and out of town ladies. The New Hampshire College Orchestra was at its best, and after rendering a concert from eight till nine, played for eighteen dances, closing shortly before twelve o'clock. The following program was rendered at the concert:

March—The Speed Kings, F. H. Losey
Snow Queen Gus Salzer
Scotland Bells H. J. Lincoln
Overture—Felicia R. Gruenwald
The following members of the faculty of the Manchester High School chaperoned the affair:
Principal and Mrs. George H. Libby;
Miss M. J. Wellington;
Miss Mary Dowd.

NOTICE.

In view of the fact that many persons often pose as New Hampshire College students in their efforts to secure the student discount, given to N. H. students by several of the leading dealers in Dover, it has been suggested by the Dover merchants that the students be not offended if they are questioned by the merchants as to the identity of the students and grounds for their assertions.

FRUIT PACKING TEAM.

The fruit packing team, consisting of W. W. Wilder, J. P. Hayes Jr., and R. W. Combs have been practicing box and barrell packing and will this week compete in the Horticultural Show in Boston with several of the other New England Colleges. Last year the fruit judging team representing New Hampshire secured first honors. Two of the above mentioned packing teams will this year constitute the judging team.

On Oct. 31th, President Fairchild spoke in the afternoon session of a meeting of the Maine State Teachers' Association, at Bangor, Maine. His subject was "The Rural Teacher's Opportunity."

NEW HAMPSHIRE NIGHT OBSERVED.

As customary "New Hampshire night" was observed on the eve of the final game with Massachusetts. When the hour had arrived there was such a large gathering that it was necessary to hold the exercises on the gymnasium floor rather than in the College Club rooms.

Speeches, music, songs and cheers made the meeting a most enthusiastic one.

J. H. Annis was chairman for the evening and he gave each speaker an appropriate introduction.

Prof. Hewitt was the first on the program. He briefly outlined a bright future for New Hampshire College, not only along athletic lines but in all other phases of work as well.

He was followed by Prof. G. C. Smith, who spoke warmly in praise of Coach Eberle, Capt. Brackett, Mgr. Davis, the team, and of the spirit shown by the student body throughout the season.

Manager Davis came next and he told something about the other side of the game, the financial side. He brought how important it was that every student support not only the Manchester game but all other games upon the schedule.

In a few short and snappy remarks. Prof. Kendall told of his faith in the team and of the genuine loyalty to it that existed among the students.

Capt. Brackett traced the development of the team from the beginning up to the present time. He emphasized the earnestness and spirit of good fellowship and co-operation that was present in the team. "It was a fighting team and would fight to the end."

Coach Eberle spoke only a few words but they glowed with his praise for the support that had been given the team and himself; without which he said that he could have done nothing. He mentioned especially how valuable the services of Lieut. Hunt had been in taking charge of the second team and of the splendid manner in which all the faculty had stood behind the players.

Prof. Taylor, New Hampshire's celebrated humorist, story teller and entertainer, was next introduced. As always his stories and anecdotes "hit the nail on the head" every time. He contrasted the present game of foot ball with that of the time when Prof. Hewitt, Prof. Kendall and he used to play. He showed the qualities that the present player should possess and ended by saying that New Hampshire was going to win tomorrow because each man on the team had all these qualities.

Jack T. Craghan '08 and Jones '13, last year's football captain, gave short speeches that were filled with enthusiasm. The latter paid a great tribute to the spirit that seemed to be imbued in the hearts of the students.

President Fairchild was introduced and in his own characteristic heart to heart, straight-from the shoulder manner brought the enthusiasm of the audience up to the highest point. He closed by giving an account of how the "other fellow" would feel after the game.

The last speaker was Prof. Whoriskey. Unlike the others he said that he had brought a written speech, and after a few words of praise for the team and its supporters, he preceded with his speech. It proved to be a letter from "Dunc"

THE MASSACHUSETTS GAME.

The Massachusetts football game is now a matter of history. The manner in which New Hampshire accepted the defeat is highly commendable from every standpoint. Although outweighed several pounds to a man, the New Hampshire players fought gamely, and made a most stubborn fight to ward off the defeat. Throughout the entire struggle, they gave a display of that ideal New Hampshire spirit, which has ever been present in every worthy victory. But in the midst of it all, they were clean sportsmen, and not once throughout the game did they resort to foul or dirty football. This fact reflects great credit upon the institution, showing that with the increasing prestige which must inevitably come to New Hampshire College in her athletic relations with other institutions there is also developing here a higher ideal of the true purpose of college athletics. It also showed that it is not necessary to resort to unclean methods to obtain the proper fight and "ginger," which was so characteristic of every New Hampshire player last Saturday.

While every player is deserving of especial praise and credit for the efficient manner in which he performed, there is another person, who did not figure in any of the plays but was, nevertheless, of profound importance in the fight which New Hampshire displayed. This is Coach Eberle. There is no member of the squad deserving of higher commendation than he. In the face of heavy odds, and handicapped by the lightness of the available material, he developed an aggregation, which gave an exhibition of team work and fight, that would reflect credit to any institution. To be beaten badly by an inferior team calls for comment, but to go down before a much stronger and heavier combination is a discredit to no one.

Another matter worthy of commendation is the conduct of the student-body in the city of Manchester. Since this important game became an annual affair in that city, the people of the state metropolis have always entertained a feeling of respect and admiration towards New Hampshire students. It is safe to assert that that feeling was not lowered this year. Throughout the day and evening, the conduct of the New Hampshire delegation was orderly and highly commendable in all respects.

The Zoological rooms have recently been rearranged. The old museum has been changed about, the seating capacity raised to one hundred, and a new outfit of note-taking chairs installed.

ISH GA-BIBLE.

You can't always tell how little a man knows by the recitations he makes.

How are the mighty fallen? One of our prop tells us that the Greeks did all their fighting with their mouths.

Even in Solman's time it was said, "Of the making of many books there is no end, and much studying is a weariness of the flesh."

Never write a letter to a girl without saving a copy of it. It is a poor thought that cannot be used more than once.

Bluff and a world bluffs with you; grind and you grind alone.

Why not turn the football team into a water polo team?

The art of reciting consists not so much in telling what you know, as in concealing what you do not know.

The devil loveth a cheerful bluffer.

Even Job didn't have to drill.

Few sharks would care to be such if there was nobody else in the class.

If you want to know who your real friends are try to borrow a note book the day before the examination.

The first thing for a freshman to discover should be his own ignorance. Then he stands a fair chance to learn something.

A great many more fellows would study if there was a faculty rule against it.

It takes a student to point out the mistakes of a professor.

If only honor students wore an N. H., there would be very few varsity men in a college.

Every professor's system has workable combination.

It is of no use to learn anything unless you remember it.

OF COURSE IT IS.

(From the Oxford, N. C., Public Ledger.)

The legitimate basis for an attack upon the Board is not what others assume to be correct, but it is necessary that there should be shown to exist actual invasion of rights which make them indubitable by their transgressions of the rules formulated by some authority from whose precepts there can be no escape without the commission of an abovious defeasance of some axiomatic truth.

And, as the Pacific remarked Saturday to the Atlantic, there you are.—[Boston Traveller.]

It is now rumored that we are going to have concrete sidewalks in Durham. And the editor has just bought himself a new pair of rubber boots.

"Now is the time when the chicken owner should see that the hen houses are thoroughly cleaned and made ready for winter," says R. V. Mitchell, in charge of poultry work here. Mr. Mitchell explains that all buildings should be thoroughly disinfected with carbolic acid or some other coal tar disinfectant. This will kill disease germs and rid the houses of red mites.

Before the birds go into winter quarters they should be dusted with some good lice powder to kill the large body lice. Another precaution to secure sanitary conditions is to provide dropping boards. These keep the manure from the floor and allow the birds more room.

In disinfecting, Prof. Mitchell advises the use of a sprayer with hand or foot pump. The liquid can, however, be applied more laboriously with a brush, and just as effectively, if care is taken to coat everything.

Once installed, the chickens should not live a life of too much ease. The floors should be well littered and no bird should get a meal without having to do thorough scratching for it.

DE LAVAL CREAM SEPARATORS

Are equipped with a perfect oiling system

In a machine which is operated at the speed required for a cream separator perfect oiling is very necessary.

The new system of De Laval automatic oiling provides for a constant and liberal supply of *CLEAN* oil to every wearing surface of the machine at all times. There are no oil holes to fill

up with dirt or perhaps to be neglected altogether, and every part is supplied with clean oil from the oil reservoir automatically and constantly.

In other, so-called, automatic oiling systems some of the parts have to be oiled by hand and no provision is made for getting rid of dirt that may get into the oil from the outside or of small particles of metal that come from wear, so that after a short time the oil supply becomes foul and injurious to the finely adjusted wearing parts.

have the only automatic oiling system which provides for a constant supply of fresh oil and at same time the constant discharge of the used oil together with all worn metal particles or dirt which may have gotten into the used oil.

The perfect system of De Laval lubrication means an easier running and a much longer wearing machine. Visit the local De Laval agent and ask him to explain the advantages of De Laval automatic oiling.

The new 72-page De Laval Dairy Hand Book, in which important dairy questions are ably discussed by the best authorities, is a book that every cow owner should have. Mailed free upon request if you mention this paper. New 1913 De Laval catalog also mailed upon request. Write to nearest office.

HAVE YOU WRITTEN HOME TO MOTHER?

Pray, may I ask you, worthy lad,
Whose smiles no care can smother,
Though busy life throbs round about,
Have you written home to mother?

You are fast forgetting, aren't you, quite
How fast the weeks went flying;
And that a little blotted sheet
Unanswered still is lying.

Don't you remember how she stood,
With wistful glance at parting?
Don't you remember how the tears
Were in her soft eyes starting?

Have you forgotten how her arm
Stole round you to caress you?
Have you forgotten those low words:
"Good-bye, my son; God bless you?"

Oh! do not wrong her patient love;
Save God's, there is no other
So faithful through all mists of sin;
Fear not to write to mother.

Tell her how hard it is to walk
As walked the Master, lowly,
Tell her how hard it is to keep
A man's life pure and holy.

Tell her to keep the lamp of prayer,
A light, a beacon burning;
Whose beams shall reach you far away,
Shall lure your soul returning.

Tell her you love her dearly still
For fear some sad tomorrow
Shall bear away the listening soul,
And leave you lost in sorrow.

And then, through bitter, falling tears
And sighs you may not smother,
You will remember when too late
You did not write to mother.

The Poultry Department is planning a Poultry Show to be held here sometime during the winter. There will be a program embracing discussions of different phases of poultry husbandry, as well as exhibits of eggs, dressed poultry and poultry appliances. Another feature will be the demonstrations in killing and dry-picking of poultry for the city markets.

The Mechanical Engineering department is constructing an arbor press in the machine shop. The design and the pattern, as well as all the machine work will be done by the department.

The Entomology department has two men at work in southern New Hampshire collecting eggs of the gypsy moth. The eggs are being examined for an egg-destroying parasite which was planted last summer by the department.

The Mathematics department has recently obtained a large slatted globe, mounted on a metal base, for use in instruction in several subjects.

Arthur S. Colby, '11, is assistant in Pomology and working for a Master's Degree at the University of Illinois, Urbana, Ill.

WANTED---A MAN.

We deal with merchants and farmers. We want an office man to help sell, to help advertise, to help in correspondence and to grow up to a responsible position. If he was brought up on a farm, with some scientific and newspaper training, so much the better. No bonanza in salary to begin with, but an active, interesting and basic occupation with good people and a great future depending on the man. Address with the fullest of particulars, stating age and references which will be regarded as confidential. "President," Box 229, Boston, Mass,

Kennedy '08, one of the "old men." In it "Dunc" urged the student body to support the team. He regreted that he could not be at the rally but he said that nothing could prevent him from seeing New Hampshire win on the morrow. He enclosed five dollars to help pay the expenses of any students who would not be able to attend the game without some financial aid.

Following this number of the program, a collection was taken up which increased this amount to over twenty dollars.

Every speaker was loudly applauded and cheered, and the singing of the college songs was by no means a small part of the program. The evening was brought to a climax with cheers and the singing of the college hymn.

The New Hampshire College Alumni Association will hold a smoker Saturday evening, December 13, at the Elks' Club House, 10 Somerset St., Boston, Mass. President Fairchild and many prominent alumni will speak. All graduates and former students are cordially invited.

NOTICE.

The members of the stock judging team desire to express their appreciation of the support, given them by the student body in sending the team to Chicago.

Don't forget that the lecture course starts next week with the Boston Cete.

The results of the inquiry made at chapel by I resident Fairchild some time ago are striking. It was found that 57 per cent of the students in New Hampshire college come from farms, that 25 per cent are entirely self supporting and that 50 per cent support themselves in part.

Through the efforts of the Woman's League the women students and ladies of the faculty are having the use of the gym every Monday evening for drills in calisthenics and esthetic dancing.

FAVORITISM.

Favoritism may be partial or favoritism may be merited.

Those closely in touch with the facts never question for a moment that the favoritism shown for

by an overwhelming majority of buttermakers and dairy authorities is anything less than merited favoritism.

"Wyandotte" cleanliness is shown the world around. It is protective. It insures milk and its products against contamination. It is the arch enemy of milk bacteria. It is the champion of purity and sanitary cleanliness. It is the standard of dairy cleanliness.

Who will allow anything less than "Wyandotte" cleanliness where milk is kept is inviting the bacteria germ, lessened milk quality and a lower grade of butter or cheese. Buttermakers who have discovered this fact naturally favor Wyandotte Dairyman's Cleaner and Cleanser and they number three out of every four.

No person is ever asked to favor "Wyandotte" until he is absolutely convinced of every claim for it. This always has been the understanding and why we always say—if not all we claim for it, it costs you nothing.

Ask your dealer for a sack or write your supply dealer.
